

**DRC2015-00032 NEUSCHWANDER
EXHIBIT B - CONDITIONS OF APPROVAL**

Approved Development

1. This approval authorizes
 - a. The construction of a new 2,300 square-foot single-family dwelling with an attached 700 square-foot garage.
 - b. maximum height is 22 from average natural grade.

Conditions required to be completed at the time of application for construction permits

Site Development

2. **At the time of application for construction permits** plans submitted shall show all development consistent with the approved site plan, floor plan, architectural elevations and landscape plan.
3. **At the time of application for construction permits**, the applicant shall provide details on any proposed exterior lighting, if applicable. The details shall include the height, location, and intensity of all exterior lighting. All lighting fixtures shall be shielded so that neither the lamp nor the related reflector interior surface is visible from adjacent properties. Light hoods shall be dark colored.

Fire Safety

4. **At the time of application for construction permits**, all plans submitted to the Department of Planning and Building shall meet the fire and life safety requirements of the California Fire Code. Requirements shall include, but not be limited to those outlined in the Fire Safety Plan.

Services

5. **At the time of application for construction permits**, the applicant shall provide a letter from Irish Hills Mutual Water Company stating they are willing and able to service the property.
6. **At the time of application for construction permits**, the applicant shall submit evidence that a septic system, adequate to serve the proposal, can be installed on the site.

Conditions to be completed prior to issuance of a construction permit

Fees

7. **Prior to issuance of a construction permit**, the applicant shall pay all applicable school and public facilities fees.

Conditions to be completed during project construction

Building Height

10. The maximum height of the project is 22 feet from average natural grade.
 - a. **Prior to any site disturbance**, a licensed surveyor or civil engineer shall stake the lot corners, building corners, and establish average natural grade and set a reference point (benchmark).
 - b. **Prior to approval of the foundation inspection**, the benchmark shall be inspected by a licensed surveyor prior to pouring footings or retaining walls, as an added precaution.
 - c. **Prior to approval of the roof nailing inspection**, the applicant shall provide the building inspector with documentation that gives the height reference, the allowable height and the actual height of the structure. This certification shall be prepared by a licensed surveyor or civil engineer.

Conditions to be completed prior to occupancy or final building inspection /establishment of the use

11. Landscaping in accordance with the approved landscaping plan shall be installed or bonded for before final building inspection. If bonded for, landscaping shall be installed within 60 days after final building. All landscaping shall be maintained in a viable condition in perpetuity.
12. **Prior to occupancy or final inspection**, whichever occurs first, the applicant shall obtain final inspection and approval from CDF of all required fire/life safety measures.
13. **Prior to occupancy of any structure associated with this approval**, the applicant shall contact the Department of Planning and Building to have the site inspected for compliance with the conditions of this approval.

On-going conditions of approval (valid for the life of the project)

14. This land use permit is valid for a period of 24 months from its effective date unless time extensions are granted pursuant to Land Use Ordinance Section 22.64.070 or the land use permit is considered vested. This land use permit is considered to be vested once a construction permit has been issued and substantial site work has been completed. Substantial site work is defined by Land Use Ordinance Section 22.64.080 as site work progressed beyond grading and completion of structural foundations; and construction is occurring above grade.
15. All conditions of this approval shall be strictly adhered to, within the time frames specified, and in an on-going manner for the life of the project. Failure to comply with these conditions of approval may result in an immediate enforcement action by the Department of Planning and Building. If it is determined that violation(s) of these conditions of approval have occurred, or are occurring, this approval may be revoked pursuant to Section 22.74.160 of the Land Use Ordinance.
